I can't find it either. i cant find it in music help. hfgkjhvdiuvbduvblcfnbvlibvlib. This soundtrack is one of the best I've heard, I love it a LOT. Most of the songs are the music throughout the game as you play, (which are awesome) but there are other songs that are brand new, and the trailer songs. I really love it a lot, worth the \$4.99. I especially like Retro Primal Carnage and the trailer ones. Awesome soundtrack, I definetely recommend it.
